#### **Statutory authority.**

- A. N.J.S.A 40:48-2 provides in relevant part that a municipality may make and enforce such ordinances, rules and regulations not contrary to the laws of this State or of the United States as it may deem necessary and proper for the good government, order and protection of persons and property, and for the preservation of the public health, safety and welfare of the municipality and its inhabitants.
- B. N.J.S.A 46:10B-51(a) provides in relevant part that a creditor serving a summons and complaint in an action to foreclose on a mortgage on residential property in this state shall within 10 days of serving the summons and complaint notify the municipal clerk of the municipality in which the property is located that a summons and complaint in an action to foreclose on a mortgage has been filed against the subject property. The notice shall contain the name and contact information for the representative of the creditor who is responsible for receiving complaints of property maintenance and code violations. The notice shall also include the street address, lot and block number of the property and the full name and contact information of an individual located within the state who is authorized to accept service on behalf of the creditor.
- C. N.J.S.A 46:10B-51(b) provides in relevant part that if the owner of a residential property vacates or abandons any property on which a foreclosure proceeding has been initiated or if a residential property becomes vacant at any point subsequent to the creditor's filing the summons and complaint in an action to foreclose on a mortgage against the subject property, but prior to vesting of title in the creditor or any other third party, and the property is found to be a nuisance or in violation of any applicable state or local code, the appropriate local municipal official shall notify the creditor of the nuisance or violation. The creditor shall have the responsibility to abate the nuisance or correct the violation in the same manner and to the same extent as the title owner of the property, to such standard or specification as may be required by state law or municipal ordinance.
- D. N.J.S.A. 46:10B-51( c) provides in relevant part that if the municipality expends public funds in order to abate a nuisance or correct a violation on a residential property in situations where the creditor was given notice pursuant to the aforesaid statute but failed to abate the nuisance or correct the violation as directed, the municipality shall have the same recourse against the creditor as it would have against the title owner of the property including, but not limited to, the recourse provided under N.J.S.A. 55:19-100.E. N.J.S.A. 46:10B-51.1 provides in relevant part that the owner of any non-owner occupied residential property who takes title to the property as the result of a sheriff's sale or deed in lieu of foreclosure, other than an owner who has previously provided notice to the municipality pursuant to N.J.S.A. 46:10B-51, shall provide notice, within 10 business days, to the municipal clerk of the municipality wherein the property is located providing the name and address of the owner. #### **Findings and purpose.**

- A. The governing body of the municipality finds and declares that residential properties with pending foreclosure proceedings typically become vacant. These vacant properties if not maintained rapidly become eyesores with unkempt lawns and overgrown vegetation, broken doors and windows, and deteriorating structures. These properties create a wide range of negative secondary effects in the neighborhoods where they are located in that they foster criminal activity, create public health problems, and otherwise diminish the quality of life for residents and business operators located in those areas.
- B. The governing body of the municipality finds and declares that residential properties with pending foreclosure proceedings which have become vacant typically are not maintained by the creditor who has filed the foreclosure proceedings. These vacant properties deteriorate by neglect and diminish property values of neighboring properties, increase the risk of property damage through arson and vandalism, and discourage neighborhood stability and revitalization.
- C. The governing body of the municipality finds and declares that there are vacant residential properties located within the community that constitute a nuisance which require the abatement or removal of the nuisance by summary proceedings. Where a creditor has filed a summons and complaint for the foreclosure of a mortgage on a residential property that is vacant, the creditor is responsible for the abatement or removal of the nuisance.
- D. The governing body of the municipality finds and declares that there are vacant residential properties located within the community that have violations of the Property Maintenance Code which require affirmative action to correct the violation to protect the public health, safety and welfare. Where a creditor has filed a summons and complaint for the foreclosure of a mortgage on a residential property that is vacant, the creditor is responsible for the correction of the violation of the property Maintenance Code.
- E. It is the purpose and intent of these regulations to require the registration of residential properties where a creditor has filed a summons and complaint for the foreclosure of a mortgage on the property so that the municipality can identify these properties, inspect the structures, monitor the condition of the properties, insure that the properties are maintained, and have a data base of information to contact and provide legal notice to the creditor.
